

FACTIONS FIGHT FOR MASTERY

Contest Started For Republican Primaries Tomorrow.

KEARNS VS. ANTI-KEARNS

BOTH SIDES HAVE SLATES AND WILL MAKE FIGHT.

The first trial of strength between the Kearns and anti-Kearns forces in the campaign of 1904 will take place tomorrow evening. At that time delegates to the state convention, which is to select delegates to the national Republican convention, will be chosen.

In some of the primary districts there will be contests. On one side will be the Kearns men, and on the other side will be the "antis," made up of the cohorts of Smoot, Sutherland and Salisbury.

Former Congressman George Sutherland is most active of the opponents of the senior senator. He is making up slates all along the line. In this he is having the assistance of Smoot's friends, although the senator himself is a true blue in Washington and is inclined to leave many things to his lieutenant.

The Kearns men say they wish nothing except to beat Sutherland. They are perfectly willing to send independent delegates, but they do not want the Sutherland men to win. This is the nominal basis on which they are working.

Each side is trying to steal a march on the other. Each hopes the other will not awake to the importance of the issue until too late. Slates are being prepared, lists of voters are being brought out, and every other preparation made to storm the primaries tomorrow evening.

With Hanna dead and out of the race, the Republican national convention will be little more than a ratification meeting. For this reason the contest is not as bitter as it might otherwise be. The whole fight is principally for prestige. Each side wishes the honor of naming the delegates, and shrewd observers are predicting a mixed result.

The Democratic primaries will not be held until some time later. The state committee will meet April 9 and the convention and primaries will then be called.

GETS \$500 FOR A FALL.

Jury Allows This Sum to Peter Anderson.

A verdict for \$500 was rendered by a jury in Judge Stewart's court yesterday in the case of Peter Anderson against P. A. Keyes. The verdict was for damages for injuries received by the plaintiff in falling from a platform at the Oregon Short Line depot some months ago.

Court Notes.

In Judge Lewis' court yesterday a decree of divorce was granted in the case of Wealthy E. Dawson against William H. Dawson.

In Judge Hall's court yesterday a decree quieting title was granted in the case of S. B. Miller against the unknown heirs of H. M. Scott. The property affected embraces lots 4, 5 and 6, in H. M. Scott's subdivision of block 62, in Kinney & Gourlay's improved city plat, in Salt Lake City.

In Judge Moore's court yesterday the case of Junius R. Stringfellow against the Consolidated Railway & Power company was on trial before a jury. The plaintiff seeks damages for injuries sustained by coming in contact with a live wire belonging to the power company in June, 1902.

Judgment for the plaintiff by default was yesterday rendered by Judge Hall in the foreclosure proceedings of James E. Robertson against Jane Elizabeth Hardestad and Blum Brown. The property in question is the southeast quarter of the northeast quarter of section 1, in township 3 south, range 1 west, and also forty shares of stock in the East Jordan Irrigation company.

UTAH RESERVATION.

Secretary Hitchcock Insists Upon Delaying the Opening. (Special to The Herald.)

Washington, March 29.—Secretary Hitchcock has informed Representative Howell, in answer to an inquiry made by him respecting the opening of the Uintah Indian reservation, that surveys of the reservation will occupy the whole of the next surveying season. After the surveys are completed, some 1,600 allotments are to be made, approximately 3,000 acres. Two hundred and fifty thousand acres are to be reserved for grazing purposes, leaving to be thrown open to settlement and entry about 1,700,000 acres. Secretary Hitchcock insists that the provision for extending the time of opening for another year should be adopted.

RETAINS HIS SEAT.

Tokio, March 29, 4 p. m.—In the house of representatives today Count Katsura, the premier, warmly thanked the members that the attempt made to effect the expulsion of M. Ogawa had not resulted successfully. M. Ogawa is the member who recently moved the expulsion of Editor Akiyama, another member of the house who was charged with being in the pay of Russia. Friends of Akiyama declared in the discussion today that there was more reason to suspect Ogawa than Akiyama of having accepted Russian pay.

After a brief and bolsterous debate the motion to expel Ogawa was sweepingly defeated.

STORM CAME QUICKLY

Bolt of Lightning Strikes a Building—Hail, Rain and Thunder.

The storm which struck the city yesterday about 2 o'clock rolled in from the northwest. It came in so thick and fast that the whole sky was darkened with great masses of heavy clouds inside of five minutes. Throughout the business part of the city the incandescent lights were turned on and the street cars were compelled to use the headlights.

Several claps of thunder followed and then a heavy fall of hail and snow. Presently the hail turned into rain, which poured down so fast that the streets were flooded.

The lightning, which was much in evidence during the storm, struck the Jennings building on First South and Main streets. The crash was heard for a block away and the building enveloped in a flash of lightning, but as far as could be learned no damage was done to the building. The storm only lasted less than an hour, but during that time 3.1 inches of moisture fell, making a total of .56 inches for the twenty-four hours.

R. J. Hyatt of the weather bureau reported that the lake had risen four inches in the last fifteen days, and since last November has risen fifteen inches. The forecast shows unsettled weather with occasional showers or snow flurries.

The heavy fall of rain caused a landslide on the Park City branch of the Rio Grande Western near Barclay. A crew was sent from this city to clear the track. The passenger train from the Park was delayed several hours.

The swelling of the wet ground caused spreading of rails on the Calder Park line of the street car system between Fourth and Fifth East streets. The line was closed for several hours and the cars were all forced to use the south track.

BENNETT WILL TRIAL

Bryan's Bequest Still Held Up by the Connecticut Court.

New Haven, Conn., March 29.—Phil S. Bennett was yesterday admitted as a competent document for probating by Judge Edwin B. Gager of the superior court, as the result of the first day's hearing in the appeal of William J. Bryan from the decision of the probate court which disallowed the "sealed letter" found with the will, giving to Bryan \$50,000. The chief contention—the admissibility of the "sealed letter" as evidence—was being argued by counsel at the time the court adjourned for the day. Former Judge Stoddard, who appears as senior counsel for Mrs. Bennett and the other heirs fought every inch of the ground in their efforts to introduce evidence, and at times he directed bitter invectives and sarcasm against the opposing side.

New Haven, Conn., March 29.—The appeal of William J. Bryan from the decision of Probate Judge Cleveland in relation to the will of Phil S. Bennett of which Mr. Bryan is an executor, was heard in the superior court today before Judge Edwin B. Gager.

Mr. Bryan appeals from the probate court's decree that the sealed letter, which was found with the will, be admitted as evidence. The sealed letter was a letter from Mr. Bryan to his wife, Mrs. Bryan, in which he bequeathed to her \$50,000, which was to be paid to her after his death.

When James K. Blake, clerk of the probate court, was called to the first witness there was much snarling between counsel over technicalities relating to the introduction of the letter and the sealed letter from the court records. Every question asked by counsel for Mr. Bryan was objected to by the other side. The will was entered as "Exhibit A" and the sealed letter as "Exhibit B."

These entries, however, were for purposes of identification only. When an attempt was made by counsel for Mr. Bryan to offer the sealed letter as evidence, counsel for the appellants objected, saying that when the proper time came he would debate the question of the admissibility of the paper as a matter of law. He held that the sealed letter was not admissible. At the suggestion of the court, the offer of the letter as evidence was withdrawn. Objections were also made to the admission of evidence of the will and the inventory of the estate. These objections were sustained, and the documents excluded temporarily.

HIGH WATER IN CALIFORNIA

Crest of the Flood Due in Northern Part Today.

San Francisco, March 29.—The continued rains threaten serious floods in northern California. "The river regions are still in danger," said Forecast Official Meade today. "The crest of the flood is yet to come. Tomorrow, if present conditions continue, will probably see the crest, after which the waters will subside unless there is a marked rise in the temperature, which will melt the heavy snow which has fallen in the mountains and add a vast quantity of water to be drained off. If the crest comes without a warm wave it will be fortunate."

The storm has moved southward across Nevada and into the house of representatives today Count Katsura, the premier, warmly thanked the members that the attempt made to effect the expulsion of M. Ogawa had not resulted successfully. M. Ogawa is the member who recently moved the expulsion of Editor Akiyama, another member of the house who was charged with being in the pay of Russia. Friends of Akiyama declared in the discussion today that there was more reason to suspect Ogawa than Akiyama of having accepted Russian pay.

MRS. BOTKIN'S TRIAL

John P. Dunning Recalled and Cross-Examined.

San Francisco, March 29.—At the opening of the Botkin trial today J. A. Hosmer, formerly assistant district attorney, identified as several exhibits being in the handwriting of Mrs. Botkin. John P. Dunning was recalled and cross-examined regarding his friendly relations with Mrs. Corbally, who formerly lived at Mr. and Mrs. Mrs. Dunning. Dunning repeated his former statement that Mrs. Corbally was a friend of himself and his house, and that he had no reason to suspect that she could have written the note signed with the letter which accompanied the box of alleged poisoned candy. He repeated the former assertion that she was a friend both of his wife and himself. Before leaving the stand Mr. Dunning identified several specimens of Mrs. Botkin's handwriting. Expert Kyka was then called and, despite many objections, proceeded to exhibit and comment on enlarged photographic reproductions of the handwriting exhibits in the case.

LEAVE OF ABSENCE.

Washington, March 29.—Acting Postmaster General Wynn has issued an order allowing ten days' leave of absence to all postmasters of second and third class postoffices who want to attend the convention of the National Association of Postmasters of the second and third class postoffices, to be held in St. Louis May 18 next.

CUT IN CRUDE OIL.

Pittsburg, March 29.—The Standard Oil company today reduced its quotations on all crude oils. The cut in the Pennsylvania produce amounted to 3 cents, making the quotation \$1.85. Other credit balances, including both high and low grades, were cut in proportion. This is the fourth cut of 3 cents since March 1.

PROSPERITY IN IOWA.

Eldora, Ia., March 29.—The private bank of O. E. Miller & Son of New Providence, has failed. Proceedings in bankruptcy have been begun.

CALVIN ON WAY TO PORTLAND

Goes to Take Charge of the O. R. & N.

OFFICIAL WORD GIVEN OUT

ANNOUNCEMENT IS MADE THAT MOHLER GOES TO U. P.

San Francisco, March 29.—The appointment of President A. L. Mohler of the Oregon Railroad & Navigation company to succeed H. G. Burt as president of the Union Pacific railroad was today announced in the offices of the Union Pacific in this city. Mr. Mohler will make his headquarters in Omaha, and will probably assume his new duties about the 1st of April.

E. E. Calvin, at present assistant general manager of the Short Line at Salt Lake, will go to Portland to take charge of the Oregon Railroad & Navigation lines. He will have the title of general manager, and will have control of all the Southern Pacific lines in Oregon, north of Ashland.

Before their departure for the west, Directors Stubbs and Kruttschnitt will pay a visit to Portland to consult with President Mohler.

Assistant General Manager E. E. Calvin of the Oregon Short Line left yesterday for the north. It was given out officially that he was going on a trip "on the line." A dispatch from Portland, however, says that President Mohler of the Oregon Railroad & Navigation left Portland last night to meet General Manager Calvin.

The two officials will meet at La Grande and travel over the system by daylight, arriving in Portland Friday, the day that Mr. Calvin assumes authority.

SUBSIDIARY SILVER.

Limitations as to Coinage About to Be Removed.

Washington, March 29.—The senate committee on finance today endorsed an amendment to the sundry civil bill providing for the removal of the limitations as to the coinage of subsidiary silver. The amendment provides "that all limitations as to the amount of subsidiary silver coinage that may be outstanding are hereby removed."

Several acts of congress for the purpose of regulating the coinage of subsidiary silver have tended to confuse the general understanding as to what the law is as it now stands. It is held by the treasury department that the outstanding subsidiary silver is limited by the act of 1900 to \$100,000,000, with the exception of the bullion purchased under the Sherman law of 1890. This silver is about exhausted so that the limit for all practical purposes is \$100,000,000.

The amendment is offered at the request of Secretary Shaw who sent to the finance committee a letter stating the necessity for an act to clear away existing confusion.

STORY ADICULED.

Rome, March 29.—The report, published by the Daily Chronicle of London and quoted to the United States, that the Vatican authorities, who say that a large force of Italian soldiers and police, owing to the discovery of a plot against the life of the pope, is building up the body, gives it strength and restores energy. ONLY A SUGGESTION. But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wished to become fresh and plump it can only result from the food we eat and digest and that food should be all-nutritious or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and underweight; the digestive organs do not completely digest the nourishing beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastases, which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for complete treatment. Nothing further is required to cure any stomach trouble or to make thin, nervous dyspeptic people strong, plump and well.

Assessment No. 1. GREAT BUFFALO MINING COMPANY. Principal place of business, Salt Lake City, Utah. Location of mines, Park Valley, Box Elder county, Utah. Notice is hereby given that at a meeting of the board of directors of the Great Buffalo Mining company, held on the 29th day of February, 1904, assessment No. 1, of one (1) cent per share was levied upon the capital stock of the corporation, issued and outstanding, payable immediately to the secretary, at its office, No. 615 Congress building, Salt Lake City, Utah. Any stock upon which this assessment may remain unpaid on Saturday, the 30th day of April, 1904, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Wednesday, the 29th day of April, 1904, at 1 o'clock, p. m., at the secretary's office, to pay the delinquent assessment thereon, together with the costs of advertising and expense of sale.

BOSTON SOCIETY LEADER

After Five Years' Suffering from Backache and Kidney Trouble Was Restored to Health by Warner's Safe Cure.

MISS JOSEPHINE LANE.

"I suffered for over five years with malaria and kidney trouble—my whole system was impregnated with the poison. It affected my general health, robbing me of energy and vitality, and causing severe headache and backache. The digestive organs were also impaired, so my food seemed tasteless and like lead in my stomach. I passed a dreary existence and my naturally happy disposition was changed into one of constant irritation and nervous inconsistencies."

"Warner's Safe Cure was the only remedy ever found which helped me. I began taking it in March, and before the warm weather came I was completely cured, felt like a new woman, full of life and hope."

"Words cannot tell how pleased I am to have my health back. I have a keen appetite and enjoy my meals; digestion is perfect. All my aches and pains have left me. I have gained nine pounds in weight and I feel in harmony with all the world because I am now perfectly well."

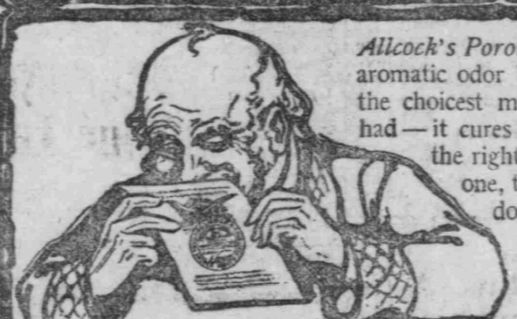

Thousands, both men and women, like Miss Lane, have been cured of serious complications caused by kidney disease neglected, by Warner's Safe Cure, after all so-called kidney cures had failed.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate; it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct, 50 CENTS AND \$1 A BOTTLE.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.
